2006 Sonoma Coast Moon Select Pinot Noir A barrel selection from the best-performing blocks of Flowers's three far-coast vineyards, Moon Select is a firm, sophisticated pinot noir in 2006. The fruit is dense, juicy and cool, the tannins potent, with a fully extracted feel that remains silken. Floral notes add to the wine's complexity and lengthen the fruit flavors. Suited to several years of age and to dark-meated birds, such as roast squab or duck.
